## Recognition of Prior Learning

### Understanding Recognition of Prior Learning (RPL)

RPL is one of the ways INMAKASO MONTESSORI can formally acknowledge the Montessori skills, experience and knowledge you have gained through formal or informal training, education, work experience, general life experience or a combination of any of these.

RPL is an evaluation process that looks at your non-formal and informal learning to determine how well you currently meet the learning outcome required by for each module in the Certificate in Montessori Early Years Education course. If you are able to demonstrate that you already meet these outcomes through the RPL process, you will not have to enrol in that module.

### RPL Assessment Results

There are only two (2) possible results for a RPL assessment.

1. RPL Granted (RPLG)
2. RPL Not Granted (RPLNG)

You will receive a 'RPLG' result if you have clearly demonstrated to your assessor that you have the current skills and knowledge as identified in the relevant modules.

You will receive a 'RPLNG' result if your evidence is incomplete (i.e. addresses some but not all of the skills and knowledge requirements as identified in the modules that you are applying for). If found RPLNG, your assessor will provide you with specific feedback as to the reasons for the result and what gaps were identified. Your assessor will discuss options to address these gaps.

An RPL Learner information guide can be obtained on request to Inmakaso Montessori.

## RPL Application and Payment Options and Conditions

All RPL candidates must complete an enrolment application first.

On receipt of this application a facilitator will contact you to discuss this process.

- RPL is assessed at \$50 per module. RPL fees are non-refundable.
- RPL will not be granted for more than 40% of the complete course. (6 modules total)
- Full payment for all modules for which RPL is requested must be received with RPL application.
